EMERGE Europe 2026

Amsterdam | December 2, 2026

Partnership Opportunities

Join Us in Leading the Future of Financial Health

POWERED BY THE FINANCIAL HEALTH NETWORK

Since 2006, EMERGE has been the driving force uniting innovators across industries to learn, collaborate, and shape a better financial future for all.

This year, the Financial Health Network will launch **EMERGE Europe**, an intimate forum for influential leaders ready to shape the future of the field.

EMERGE Europe 2026

Building Financial Health by Design: Improving Outcomes
Amsterdam | December 2, 2026

Financial health is gaining momentum across Europe, but progress remains fragmented.

Our inaugural EMERGE Europe convening will bring senior leaders together to align on what works, examine where progress is stalling, and build the partnerships needed to measurably improve outcomes.

From shared ambition to coordinated action.

Hosted by the Financial Health Network in collaboration with ING and the Office of the UNSGSA.

Dynamic Sessions, Deeper Connections

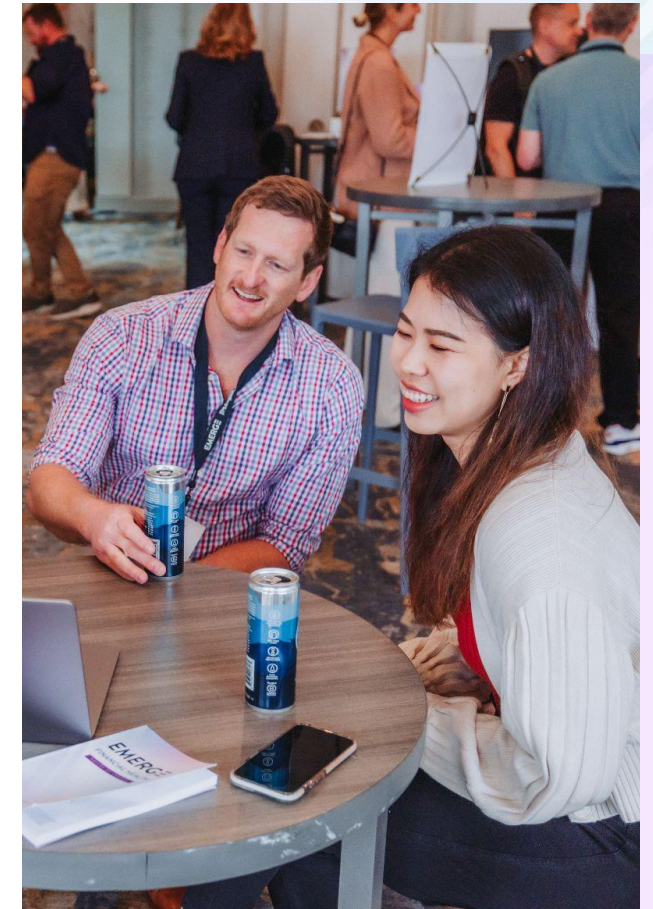

Curated. Executive. Outcome-oriented.

EMERGE Europe will feature:

- One-day, highly focused program to drive the work forward
- Mainstage speakers + small-group working sessions
- Invite-only CEO roundtable
- Cross-sector collaboration

Who's in the room with you:

- European banks and financial institutions
- Fintech and product innovation leaders
- Regulators, policymakers, and academics
- Strategy, innovation and sustainability catalysts

EMERGE Europe 2026

Building Financial Health by Design: Improving Outcomes

EMERGE Europe is curated as an intentional gathering of influential leaders in financial health with a focus on clear outcomes.

Measuring financial health outcomes

See how institutions can measure and improve the outcomes of their offerings.

AI and responsible innovation

Explore how emerging technology can improve financial health while supporting trust, inclusion, and better outcomes.

Financial resilience

Delve into opportunities to better support specific groups, addressing barriers and unlocking pathways to improved financial health.

Public-private collaboration

Learn how cross-sector collaboration can scale what works and accelerate impact together.

Financial Health Is a Global Priority

“Dedicating our energy toward advancing financial health is critical. Leaders across the public and private sectors have a role to play in ensuring that the financial system supports people’s financial stability and improves their overall quality of life.”

EMERGE Europe builds on this global momentum by bringing public- and private-sector leaders together to improve measurable financial health outcomes.
